2. Executive Summary and Data Alert

- Overall score: 7/100, AT RISK. All domains in RED. Only curriculum alignment data was submitted; no other domain data is available for this assessment cycle.
- UG alignment stands at 8.3% (1 of 12 programs restructured). 11 UG programs remain outside CCFUGP, with meaningful reform progress already demonstrated at the undergraduate level.
- PG alignment is at 60% (12 of 20 programs restructured). 8 PG programs have not been restructured and remain outside CCFPP.
- Total programs recorded is 35, but curriculum alignment data covers only 32 (12 UG and 20 PG). The remaining 3 programs have no data submitted and cannot be assessed.
- Data for 8 of 10 parameters is entirely absent. The score of 7/100 does not reflect actual institutional performance — it reflects the near-complete absence of submitted data.

**CRITICAL:
Incomplete Data
Submission**

Data for Flexibility, MDC, Skill, Environmental, Community, Research, Patents, Placement, and Alumni Grants was not submitted. Eight parameters score zero as a result. Gurugram University cannot prepare credible NAAC, NIRF, or UGC submissions without complete data. Submit all missing fields within 14 days.
