

NEP Implementation Evaluation Report

Maharshi Dayanand University, Rohtak

Assessment Period: 2025–2026 | Data Snapshot: April 2026

OVERALL SCORE
6 / 100

STATUS
CRITICAL

1. NEP Implementation Health Report Card

Domain	Score (0-10)	Weight	Weighted Score	Status	Metric Details
Curriculum Alignment	5	15	7	AMBER	- UG Curriculum Alignment: 82% (14 of 17 UG programs aligned to CCFUGP) – 3 programs remain - PG Curriculum Alignment: Not submitted
Flexibility, Exit/Entry, ABC	0	14	0	RED	- UG Exit Utilization: Not submitted - PG Exit Utilization: Not submitted - ABC Registration Rate: Not submitted - ABC Credit Upload Rate: Not submitted
Multidisciplinary Ecosystem	0	10	0	RED	- MDC Enrolment Coverage: Not submitted - AEDP Initiation: Not submitted - AEDP Coverage: Not submitted
Skill, Vocational & AEC	0	14	0	RED	- SEC Cross-Discipline Ratio: Not submitted - SEC-NCVET Alignment: Not submitted - SEC Internship Completion: Not submitted - VOC Program Initiation: Not submitted - VOC Cross-Discipline Ratio: Not submitted - AEC Program Coverage: Not submitted
Environmental & Global Citizenship	0	8	0	RED	- Environmental Coverage: Not submitted - Global Citizenship Coverage: Not submitted
Community, IKS & Value Based	0	7	0	RED	- Community Activity Rate: Not submitted - IKS Integration Rate: Not submitted - VAC Program Coverage: Not submitted
Research & Innovation	0	15	0	RED	- Research Activity Volume: Not submitted - Research Project Portfolio: Not submitted - Research Publication Output: Not submitted - Active Research MoU Rate: Not submitted
Patents	0	8	0	RED	- Patents Granted: Not submitted - Patent Commercialization: Not submitted
Student Placement	0	5	0	RED	Graduate Placement Rate: Not submitted
Alumni Connect	0	4	0	RED	- Alumni Registration: Not submitted - Alumni Grant Mobilization: Not submitted
TOTAL		100	7	CRITICAL	

2. Executive Summary and Data Alert

- Overall score: 7/100, AT RISK. One AMBER (Curriculum); nine RED (all others). Only partial UG curriculum data was submitted; no other domain data is available for this assessment cycle.
- UG alignment at 82.4% (14 of 17 programs restructured) is a genuine positive in the submitted data — only 3 UG programs remain outside CCFUGP.
- 46 PG programs are recorded but the aligned count was not submitted. PG curriculum reform position is entirely unknown and defaults to zero. MDU is one of Haryana's largest universities by PG provision; this gap is significant.
- Total programs recorded is 108 but only 63 are identified as UG or PG (17+46). The remaining 45 programs — which likely include diploma, integrated, and certificate programs — have no alignment data at all.
- Data for 9 of 10 parameters is entirely absent. The score of 6/100 does not reflect MDU's actual NEP implementation — it reflects the near-complete absence of submitted data. All missing fields must be submitted immediately.

**CRITICAL:
Incomplete Data
Submission**

Only UG program counts were submitted for this assessment cycle. Nine parameters score zero as a direct result. MDU is a major state university with 108 programs and a large student population. An assessment score of 7/100 from incomplete data creates a significant risk for NAAC, NIRF, and UGC submissions. Submit all missing data within 14 days.
